Title: GRAIN FIELDS

Date: c.1890

Primary Maker: com.gallerysystems.emuseum.core.entities.RecordXPerson@f4e2

Medium: Oil on canvas

Description: The image is a landscape in which the foreground consists of a freshly harvested field with sheaves of grain leaning in teepee-like mounds throughout the field. In the rear of the field a female figure can be seen on the left in front of a mound. A second field to the left and behind is still unharvested. Beyond the fields, to the left of the center, trees surround a grouping of structures. The flat fields continue into the distance with trees dotting the horizon line.
