

Basic Detail Report

Title: DEER CREEK

Date: 1925

Primary Maker: com.gallerysystems.emuseum.core.entities.RecordXPerson@f4de

Medium: Oil on canvas.

Description: The image is a landscape in which a large cliff of rock dominates the right side of the visual plane. The foreground consists of a rocky stream bed on the left and a tree growing in the shadow of the cliff on the right. At the bottom of the cliff on the left two deer approach the stream; behind the deer is a grouping of trees. In the background on the left there are two ridge lines from mountains in the distance.

Dimensions: 63.8 x 76.5 cm (25 1/8 x 30 1/8") (Image) Frame: 73 x 85.7 cm (28 3/4 x 33 3/4")
