Title: LUNARIA ANNUA (IV/X)

Date: 1983

Primary Maker: com.gallerysystems.emuseum.core.entities.RecordXPerson@101d5

Medium: Lithograph

Description: The image depicts a bunch of long stems with cylindrical shaped seed pods at the end hanging upside down; the top appears bundled with roots of the plant still intact. The plant fades from yellow at the top to olive-green at the bottom; the background is dark.

Dimensions: Overall (Sheet): 66.7 × 50.3 cm (26 1/4 × 19 13/16")
